

## Primary PE and Sport Premium at West Oxford - £8880

**ALL** pupils leaving primary school **physically literate** and with the **knowledge, skills and motivation** necessary to equip them for a **healthy, active lifestyle** and **lifelong participation** in physical activity and sport

In March 2013 the government announced that it was to provide additional funding of £150 million per annum to improve provision of physical education (PE) and sport in primary schools in England - The Primary PE & Sport Premium.

This funding - provided jointly by the Departments for Education, Health and Culture, Media and Sport - is allocated to primary school head teachers. The funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools.

Vision for the Primary PE and Sport Premium

The funding has been provided to ensure impact against the following **OBJECTIVE:**

To achieve self-sustaining improvement in the quality of PE and sport in primary schools. It is important to emphasise that the focus of spending must lead to long lasting impact against the vision (*above*) that will live on well beyond the Primary PE and Sport Premium funding.

**It is expected that schools will see an improvement against the following 5 key indicators:**

1. the engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles (e.g. Oxford half marathon)
2. the profile of PE and sport being raised across the school as a tool for whole school improvement

- 3. increased confidence, knowledge and skills of all staff in teaching PE and sport
- 4. broader experience of a range of sports and activities offered to all pupils
- 5. increased participation in competitive sport

Schools must spend the additional funding on improving their provision of PE and sport, but they have the freedom to choose how they do this.
